

Preparation of Papers for TELSIKS 2021

Proceeding of Papers

First A. Author, Second B. Author, and Third C. Author

Abstract—These instructions give you instructions for preparing camera ready paper for the Conference TELSIKS '21. The recommended, but not limited text processor is Microsoft Word 97/2000/XP/2003/2010. The global instructions for preparing paper with any text processor are given, too. For the LATEX users using the IEEEtran.sty is recommendable and it can be obtained from the IEEE web page <http://www.ieee.org>.

Keywords—Camera-ready paper, Proceedings of papers, TELSIKS '21.

I. INTRODUCTION

In order to achieve high quality of TELSIKS '21 Proceeding of Papers the authors are requested to follow instructions given in this sample paper. The deadline for receiving of full papers is May 15, 2021. Maximal length of the regular papers is 4 pages, and 10 pages for invited papers. It is desired to occupy even number of pages (2 or 4 for regular and 8 or 10 for invited).

II. GUIDELINES FOR MANUSCRIPT PREPARATION

A. Page Layout

Times New Roman 10 pt font should be used for normal text. Please, equalise the length of the columns on the last page.

Paper size	A4
Top margin	25 mm
Bottom margin	29 mm
Left margin	14 mm
Right margin	14 mm
Column Spacing	5.1 mm
Header	13 mm
Footer	20 mm

Manuscript has to be prepared in a two column separated by 5.1 mm. In the page setup layout "Different first page" has

First A. Author is with the Faculty of Electronic Engineering, University of Nis, Aleksandra Medvedeva 14, 18000 Nis, Serbia (e-mail: first.author@elfak.ni.ac.rs).

Second B. Author and Third C. Author are with the School of Electrical Engineering, University of Belgrade, Bulevar kralja Aleksandra 73, 11000 Belgrade, Serbia (e-mails: second.author@elfak.ni.ac.rs, third.author@elfak.ni.ac.rs).

to be checked and the header and footer have to be 13 mm and 20 mm, respectively. The margins for A4 (210×297 mm²) of paper are given in Table I.

B. Title, Author and Affiliation

Title must be written using 24 pt font, in two lines, centred. Authors' names (without affiliation) should be typed using 11 pt font. Authors' affiliation (institution, address and e-mail) should be given in the bottom of the first column using 8 pt font. Please do not write telephone and fax number.

C. Abstract and Keywords

In the beginning of the paper abstract and keywords should be given. Abstract should be about 50 words. It is recommended to use up to 5 keywords. Please use 9 pt **bold** font for abstract and keywords, and 9 pt *italic* font for the words "Abstract" and "Keywords".

D. Sectioning

Regular paper may be divided in a number of sections. Section titles (including references and acknowledgement) should be typed using 12 pt fonts in the SMALL CAPS option. For numbering use Times New Roman number. Only in invited paper sections can be split in subsection, which should be typed 10 pt *Italic* option. The space after section or subsection title is 4 mm. Spacing of 5 mm is used between the last section or subsection number and the next (sub) section title.

E. Equations

Equations should be centred and labelled. The example of equations is Eq. 1:

$$\frac{\partial^2 i}{\partial x^2} = \frac{LC}{(\Delta x)^2} \frac{\partial^2 i}{\partial t^2} + \frac{L}{(\Delta x)^2} R \frac{\partial i}{\partial t} \quad (1)$$

Larger equation must be split in a multiple lines, as shown in the example of Eq. 2:

$$\begin{aligned} \varphi_0(s_n) + \gamma_0 \int_{s=0}^{s_n} \varphi_0(s) \cdot \text{sh } \gamma_0(s_n - s) \cdot ds \\ + \gamma_0^2 \int_{s=0}^{s_n} \prod_{s_0=0}^{s_n} (s) \cdot \text{ch } \gamma_0(s_n - s) \cdot ds \\ = V_{en} \cdot \text{ch } \gamma_0 s_n \end{aligned} \quad (2)$$

Fig. 1. Figure example.

F. Figures

Figures should be one column wide. If it is impossible to place figure in one column, two columns wide figure is allowed, but in this case figure must be located at the top of the page. Please do not use photocopies. Photographs must be made on a glossy paper. Each figure must have a caption under the figure. For the figure captions 8 pt font should be used.

An example is given in Fig 1. All figures must be mentioned in text.

G. Tables

Tables also should be made as one column wide. In some rare cases it is allowed to use two column wide tables at the top of the page. Tables must have caption located above the table. Table caption should be written using 8 pt SMALL CAPS font. Data in the table should be written using 9 pt font. Example is Table I given above.

H. Referring

When you refer to the equation, figure, table, section or literature reference in the text of the manuscript please use the following expressions: Eq. (1), Eqs. (1) and (2), Fig. 1, Figs. 1

and 2, Table I, Tables I and II, Section 1, Sections 1.1 and 1.5, [1], [2].

I. References

The examples for the referencing a journal paper, a conference paper, and a book according to IEEE transactions are given in REFERENCES Sections [1-3]. For the text in the references 8 pt font should be used.

III. ADDITIONAL REMARKS

The full paper in Adobe PDF format must reach the Technical Program Committee no later than **May 15, 2021**. After accepting, the camera-ready paper must be sent no later than **July 31, 2021 in both formats** listed below:

1. An original document written in one of the recommended text processors (Microsoft Word 97/2000/XP/2003/2010, for example) (Electronic submission).
2. A camera-ready paper in Adobe PDF format (Electronic submission).

IV. CONCLUSION

In this paper the instructions for preparing camera-ready paper in order to be included in the Proceedings of Papers of the Conference TELSISKS '21 are given.

ACKNOWLEDGMENT

For the acknowledgement use the unnumbered section layout.
